RECEIVED  
- 1 JUN 2010

27 May 2010

Dear Mr Evans,

**Roman Hyrnak and the FE Reprographic Forum**

Thank you for your letter dated the 24th May, kindly enclosing a cheque for £300 on behalf of the FE Reprographic Forum, in memory of Roman, which you generously matched with a £300 donation from ICS. I have pleasure in enclosing a Thank You Certificate as a small token of our appreciation. If you would like a separate Certificate for each group, please do not hesitate to contact me and I will be happy to oblige.

Since setting up the charity when we lost our 16 year old daughter in October 1996, we have become the largest brain tumour charity in the country, and are currently putting £1 million each year into our research programme, as well as increasing our budget for patient support. We opened our very first Samantha Dickson Brain Cancer Unit at University College London, and hope this will be the first of several such centres of excellence throughout the UK over the next five years. We have already held six patient support information days, including London, Liverpool, Leicester, Edinburgh, and Newcastle-upon time as well as bi-monthly local meetings.

Last year we made three world-class breakthroughs in our research programme, and one project carried out at Newcastle has led to the setting up of a new clinical trial throughout Europe early next year. Our work on delays in diagnosis has also progressed to the production of National Guidelines for GP's and these have been passed by the various Royal Colleges and will be distributed to every centre throughout the country in 2011.

Your support is most appreciated and helps us to continue with our important work to help try and find a cure for this devastating disease, which is now responsible for more deaths in children and those under the age of 40 than any other cancer, as well as affecting thousands more later on in life.

With best wishes,

Angela Dickson (Mrs)  
Trustee (email: [sdbtt1996@aol.com](mailto:sdbtt1996@aol.com))
